

What are the potential outcomes?

**START HERE:**

**Describe option 1**

Describe option 2

Describe option 3

1. What are we currently doing? Why?

2. What is one thing we could do if we were not doing this?

3. What else?

List short term risks

List long term risks

Potential benefits

What are short term risks?

What are long term risks?

What are some benefits of staying?

4. What are the potential outcomes?

What resources are needed?

What are barriers to this option?

What's the best that could happen?

What are the tolerable risks?

What's the worst that could happen?

List short term risks

List long term risks

Potential benefits

What are short term (ST) risks?

What are long term (LT) risks?

What are ST/LT benefits of staying?

**END:** Which outcome is most favorable, possible, necessary, and manageable in the short term, with long term payoff?
